ALL SHAPES WHERE STANDARD SHAPES CANNOT BE USED

No other shape code number, form of designation or abbreviation shall be used in scheduling. With the exception of rectangular links, 5 bends or more are undesirable and may be impractical within the permitted tolerances but shall be drawn out in full and coded 99.

A dimensioned sketch shall be drawn over the dimension columns A-E. Every dimension shall be specified and the dimension that is to allow for permissible deviations shall be indicated in parenthesis, otherwise the fabricator is free to choose which dimension shall allow for the tolerance.
